

FREE SAFETY MEETING TOPICS ON THE INTERNET

Several sources of “toolbox”, “tailgate”, and general safety meetings have come online recently. Three of the better ones include:

<http://www.toolboxtopics.com/Gen%20Industry/Gen%20Indus%20Contents.htm>

This series includes fill-in blanks and sign-up sheets to conduct a full safety meeting for each topic.

<http://www.webworldinc.com/wes-con/safety2.html-ssi>

This series offers an extensive assortment of topics on a wide variety of safety-related issues.

<http://www.scif.com/safety/safetymeeting/SafetyMtgTopics.asp>

This series is also an excellent assortment, from the California State Fund, and offers each topic in Spanish, as well as English.

The following site provides Microsoft Power Point slide series, that you can customize to produce a more directed, specific presentation, for more formal safety presentations.
